Independent Auditor's Report

To the Members of
CREDENT PROPERTY ADVISORY PRIVATE LIMITED
(Converted from Credent Property Advisory LLP)

REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

OPINION

We have audited the accompanying standalone financial statements of CREDENT PROPERTY ADVISORY PRIVATE LIMITED ("the Company"), which comprise the standalone Balance Sheet as at 31st March, 2022, the standalone Statement of Profit and Loss (including Other Comprehensive Income), the standalone Statement of Changes in Equity and the standalone Cash Flow Statement for the year then ended, and notes to the standalone financial statements, including a summary of the significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India including Ind AS specified under Section 133 of the Act, of the state of affairs (financial position) of the Company as at 31st March, 2022, and its loss (financial performance including other comprehensive income), its cash flows and the changes in equity for the year ended on that date.

BASIS FOR OPINION

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

SHAH PRATIK P & ASSOCIATES

CHARTERED ACCOUNTANTS

KEY AUDIT MATTERS

Credent Property Advisory Private Limited ("the company") was formed by means of conversion from Credent Property Advisory LLP during the year. As per the management, the company is a going concern entity and all the liabilities and assets of the LLP have been moved to Company except Bank which has been considered as Loan from LLP. Further the opening balances have been considered based on the management certified financials. The Company has prepared its financial statements on a going concern basis.

MANAGEMENT'S AND BOARD OF DIRECTOR'S RESPONSIBILITY FOR THE STANDALONE FINANCIAL STATEMENTS

The Company's Management and Board of Directors are responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the state of affairs (financial position), profit or loss (financial performance including other comprehensive income), cash flows and changes in equity of the Company in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards ("Ind AS") specified under Section 133 of the Act, read with relevant rules issued thereunder.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the company's financial reporting process.

SHAH PRATIK P & ASSOCIATES

CHARTERED ACCOUNTANTS

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management and Board of Directors.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up

SHAH PRATIK P & ASSOCIATES

CHARTERED ACCOUNTANTS

to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of standalone financial statements of the current year and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. (A) As required by Sub-Section 3 of Section 143 of the Act, we report that:
 - (a) we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

SHAH PRATIK P & ASSOCIATES
CHARTERED ACCOUNTANTS

- (b) in our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) the balance sheet, the statement of profit and loss (including other comprehensive income), the statement of cash flows and the statement of changes in equity dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014;
 - (e) on the basis of the written representations received from the Directors as on 31st March, 2022 and taken on record by the Board of Directors, none of the Directors are disqualified as on 31st March, 2022 from being appointed as a Director in terms of Sub-Section 2 of Section 164 of the Act;
 - (f) This report does not include Report on the internal financial controls under clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (the 'Report on internal financial controls'), since in our opinion and according to the information and explanation given to us, the said report on internal financial controls is not applicable to the Company basis the exemption available to the Company under MCA notification no. G.S.R. 583(E) dated June 13, 2017, read with corrigendum dated July 13, 2017 on reporting on internal financial controls over financial reporting;
- (B) with respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- (a) The Company does not have any pending litigations which would impact its financial position;
 - (b) The Company did not have any long-term contracts including derivative contracts for which there could be any material foreseeable losses;

SHAH PRATIK P & ASSOCIATES
CHARTERED ACCOUNTANTS

(c) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company

(C) With respect to the matter to be included in the Auditors' Report under Section 197(16) of the Act:

In our opinion and according to the information and explanations given to us, the limit prescribed by section 197 for maximum permissible managerial remuneration is not applicable to a private limited company.

ANNEXURE A to the Independent Auditor's Report on the standalone financial statements of **Credent Property Advisory Private Limited for the year ended 31st March 2022**

With reference to Annexure A referred to in our report of even date to the members of Credent Property Advisory Private Limited ("the Company") on the standalone financial statements for the year ended 31st March, 2022, we report that:

The auditor's report on the accounts of a company to which this Order applies shall include a statement on the following matters, namely:-

(i) (a) (A) Since the Company does not have any Property, Plant and Equipment, the said clause is not applicable

(B) Since the Company does not have any Intangible assets, the said clause is not applicable;

(ii) (a) Since the Company's main nature of business is to provide services, the said clause becomes inapplicable;

(b) At any point of time of the year, the company has not sanctioned any working capital limits in excess of five crore rupees, in aggregate, from banks or financial institutions on the basis of security of current assets;

(iii) During the year, the company has not made any investments in, provided any guarantee or security or granted any loans or advances in the nature of loans, secured or unsecured, to companies, firms, Limited Liability Partnerships or any other parties. Therefore, the provisions of clause 3(iii) of the said Order are not applicable to the company.

(iv) In our opinion and according to the information and explanations given to us, the company has not made any loans, investments, guarantees and security on which provisions of section 185 and 186 of the Companies Act 2013 are applicable. Therefore, the provisions of clause 3(iv) of the said Order are not applicable to the company.

SHAH PRATIK P & ASSOCIATES

CHARTERED ACCOUNTANTS

(v) The company has not accepted any deposits from public within the meaning of Sections 73, 74, 75 and 76 of the Act and the rules framed thereunder. Accordingly, this para of the order is not applicable to the Company;

(vi) Since the company is not required to maintain cost records as specified by the Central Government under subsection (1) of section 148 of the Companies Act, the said clause is not applicable;

(vii) (a) The Company was regular in depositing undisputed statutory dues including Goods and Services Tax, provident fund, employees' state insurance, income-tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and any other statutory dues as applicable to the appropriate authorities;

(b) Neither of the statutory dues referred to in sub-clause (a) have been deposited on account of any dispute;

(viii) No transactions of the company were recorded in the books of account and have been surrendered or disclosed as income during the year in the tax assessments under the Income Tax Act, 1961 (43 of 1961);

(ix) (a) Since the company has no loans or borrowings, the said clause is not applicable;

(x) (a) Since the company did not raise any money by way of initial public offer or further public offer (including debt instruments) during the year, the said clause is not applicable;

(xi) (a) No such fraud by the company or on the company has been noticed or reported during the year;

(b) No report under sub-section (12) of section 143 of the Companies Act has been filed by the auditors in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014 with the Central Government;

(c) As informed to us, no whistle blower complaints have been received by the company;

(xii) Since the company is not Nidhi Company, the said clause is not applicable;

SHAH PRATIK P & ASSOCIATES

CHARTERED ACCOUNTANTS

(xiii) In our opinion, all the transactions with related parties are in compliance with sections 177 and 188 of Companies Act where applicable and the details have been disclosed in the financial statements, etc., as required by the applicable accounting standards;

(xiv) (a) The company is not mandatorily required to have an internal audit system which is commensurate with the size and nature of its business;

(b) Since the Internal audit is not mandated and not done, no reports of the Internal Auditors for the period under audit were obtained from the company and therefore were not considered by the statutory auditor;

(xv) The Company has not entered into any non-cash transactions with directors or persons connected with him for the year under review. Therefore, the provisions of Clause (xv) of paragraph 3 of the order are not applicable to the Company.

(xvi) The Company is not required to be registered under section 45-IA of the Reserve Bank of India Act, 1934 (2 of 1934);

(xvii) The Company has incurred a cash loss of INR 36,130/- in the financial year and Nil in the immediately preceding financial year;

(xviii) There has been resignation of the previous statutory auditor during the year. As an incoming auditor, we have examined the issues, objections or concerns stated by the outgoing auditor and its effects on financials of company if any have been considered;

(xix) on the basis of the financial ratios, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements, the auditor's knowledge of the Board of Directors and management plans, the auditor is of the opinion that no material uncertainty exists as on the date of the audit report and the company is capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date;

(xx) (a) The Company is not required to transfer any unspent amount to a Fund specified in Schedule VII to the Companies Act within a period of six months of the expiry of the

SHAH PRATIK P & ASSOCIATES

CHARTERED ACCOUNTANTS

financial year in compliance with second proviso to sub-section (5) of section 135 of the said Act as the said clause is not applicable;

(b) The company is not required to transfer any remaining unspent amount under sub-section (5) of section 135 of the Companies Act, pursuant to any ongoing project, to special account in compliance with the provision of sub-section (6) of section 135 of the said Act as the said clause is not applicable;

(xxi) There have been no qualifications or adverse remarks by the respective auditors in the Companies (Auditor's Report) Order (CARO) reports of the companies included in the standalone financial statements

Credent Property Advisory Private Limited
(Converted from Credent Property Advisory LLP)
Notes to the Financial Statements for the Period Ended March 31, 2022

1	Statement of Significant Accounting Policies
a)	Basis for Preparation of Financial Statements i) Compliance with Ind AS These financial statements have been prepared in accordance with the Indian Accounting Standards (hereafter referred to as the "Ind AS") as notified by the Ministry of Corporate Affairs pursuant to Section 133 of Companies Act, 2013 (the "Act") read with the Companies (Indian Accounting Standards (Ind AS) Rules, 2015 as amended and other relevant provisions of the Act and rules framed thereunder. ii) Historical cost convention The financial statements have been prepared on a historical cost basis, except certain financial assets and liabilities which are measured at fair values. iii) Current and Non-Current classification All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle (twelve months) and other criteria set out in the Schedule III to the Act
b)	i) Property, Plant and Equipment (including Capital work-in-progress) Freehold land is carried at historical cost. All other items of property, plant and equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items. Subsequent cost are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance expenses are charged to the Statement of Profit or Loss during the reporting period in which they are incurred. Assets acquired but not ready for use are classified under Capital work in progress and are stated at cost comprising direct cost and related incidental expenses. ii) Depreciation methods, estimated useful life and residual value Depreciation is provided under the straight line method over the useful lives of assets as prescribed under Part C of Schedule II of the Companies Act, and management believes that useful life of assets are same as those prescribed in Schedule II to the Act. The residual values are not more than 5% of the Original cost of the asset. The assets residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period. Gain or losses on disposals are determined by comparing proceeds with carrying amount. These are included in the Statement of Profit and Loss. iii) Intangible assets There is no Intangible Assets in the Company
c)	Leases As a Lessee Leases in which significant portion of the risk and rewards of ownership are not transferred to the Company as lessee are classified as operating leases. Payment made under operating lease are charged to Statement of Profit and Loss on straight-line-basis over the period of the lease unless the payment are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increase.
d)	Cash and Cash Equivalents Cash and cash equivalents comprise cash in hand and demand deposits, together with other short-term, highly liquid investments maturing within 90 days from the date of acquisition. Cash and cash equivalents are readily convertible into known amounts of cash and are subject to an insignificant risk of changes in value.
e)	Inventories There is no Inventory in the Company as the company is into service industry.

f)	Segment Reporting Operating segments are reported in a manner consistent with the internal reporting provided to the chief decision maker. Based on the “management approach” as defined in Ind AS 108 – Operating Segments. However The Company is Operating in only one segment.
g)	Borrowings Borrowing are initially recognized at net of transaction costs incurred and measured at amortised cost. Borrowings are classified as current liabilities unless the Company has an unconditional right to defer the settlement of the liability for at least 12 months after the reporting period. i) Effective interest method The effective interest method is a method of calculating the amortised cost of a debt instrument and of allocating interest expenses over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payment (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the debt instrument, or, where appropriate, a shorter period, to the gross carrying amount on initial recognition. We have been informed that no Interest is payable by the company and accordingly the same has not been provided in the books.
h)	Revenue Recognition Revenue is measured at the value of the consideration received or receivable. The Company recognises revenue when the amount of revenue can be reliably measured, it is probable that future economic benefits will flow to the Company and specific criteria have been met for each of the Company’s activities as described below. i) <u>Revenue from Sale of goods & services</u> Sale of Goods & Services are recognized when significant risks and rewards of ownership are passed on to customers or when the full / complete services have been provided. Sales are stated at contractual realizable value. ii) <u>Interest income</u> Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the company and the amount of income can be measured reliably. Interest income is accrued on a timely basis, by reference to the amortised cost and at the effective interest rate applicable, which is the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset’s net carrying amount on initial recognition. We have been informed that no Interest is receivable by the company and accordingly the same has not been provided in the books. i) Employee Benefits i) Short-term and other long-term employee benefits A liability is recognised for benefits accruing to employees in respect of wages and salaries, annual leave in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service. Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the company in respect of services provided by employees up to the reporting date. ii) Post-employment obligations The company operates Defined benefit plan Gratuity as a post-employment scheme. However since there are no employees in the company no gratuity provision has been made. iii) Gratuity Obligation The liability recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation. The net interest cost is calculated by applying the discount rate to the defined benefit obligation. This cost is included in employee benefit expense in the Statement of Profit and Loss.

	Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income and is not reclassified to profit or loss. They are included in retained earnings in the statement of changes in equity and in the balance sheet. Defined benefit costs are categorised as follows: · service cost (including current service cost, past service cost, as well as gains and losses on curtailments and settlements); · net interest expense; and · remeasurement The company presents the first two components of defined benefit costs in profit or loss in the line item 'Employee benefits expense'. Curtailment gains and losses are accounted for as past service costs.
	iv) Defined Contribution Plan Payments to defined contribution benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.
j)	Foreign currency transactions The financial statements are presented in currency INR, which is the functional and presentation currency of the Company.
	i) Foreign currency transactions and balances Transactions denominated in foreign currencies are recorded at the exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the year-end are restated at the rate of exchange prevailing on the date of the Balance Sheet. Any exchange difference on account of settlement of foreign currency transactions and restatement of monetary assets and liabilities denominated in foreign currency is recognised in the Statement of Profit and Loss. Non-monetary items are not retranslated at year-end and are measured at historical cost (translated using the exchange rates at the transaction date), except for non-monetary items measured at fair value which are translated using the exchange rates at the date when fair value was determined.
k)	Income Tax The tax expense for the period comprises current and deferred tax. Tax is recognised in Statement of Profit and Loss, except to the extent that it relates to items recognised in the comprehensive income or in equity. In which case, the tax is also recognised in other comprehensive income or equity.
	i) Current Tax Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates and laws that are enacted or substantively enacted at the Balance sheet date.
	ii) Deferred Tax Deferred tax is recognised on temporary differences arising between the tax bases of assets and liabilities used in the computation of taxable profit and their carrying amount in the financial statement. Deferred tax assets and liabilities are measured using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period. The carrying amount of deferred tax liabilities and assets are reviewed at the end of each reporting period. Deferred tax assets are recognised for all deductible temporary differences and unused tax losses, only if, it is probable that future taxable amounts will be available to utilise those temporary differences and losses Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are off set where the Company has a legally enforceable right to offset and intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously.
	iii) Minimum Alternate Tax (MAT) Minimum Alternate Tax credit is recognised as deferred tax asset only when and to the extent there is convincing evidence that the Company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer a convincing evidence to the effect that the Company will pay normal income tax during the specified period.
l)	Earnings Per Share
	i) Basic Earnings per Share Basic earnings per share is calculated by dividing the profit attributable to owners of the company by the weighted average number of equity shares outstanding during the financial year. Earnings considered in ascertaining the Company's earnings per share is the net profit for the period.
	ii) Diluted earnings per share For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.

m)	Financial instruments A financial instrument is any contract that gives rise to a financial asset in one entity and a financial liability or equity instrument in another entity. i) Financial Assets A. Initial recognition and measurement All financial assets and liabilities are initially recognized at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities, which are not at fair value through profit or loss, are adjusted to the fair value on initial recognition. Purchase and sale of financial assets are recognised using trade date accounting. B. Subsequent measurement a) Financial assets carried at amortised cost (AC) A financial asset is measured at amortised cost if it is held within a business model whose objective is to hold the asset in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. b) Financial assets at fair value through other comprehensive income (FVTOCI) A financial asset is measured at FVTOCI if it is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding. c) Financial assets at fair value through profit or loss (FVTPL) A financial asset which is not classified in any of the above categories are measured at FVTPL. C Impairment of Financial Assets In accordance with Ind AS 109, the company applies the expected credit loss model for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL). Expected credit losses are measured through a loss allowance at an amount equal to: The twelve months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible with 12 months after the reporting date); or Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument) For trade receivables Company applies 'simplified approach' which requires expected lifetime losses to be recognises from initial recognition of the receivables. The Company uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date these historical default rates are reviewed and changes in the forward looking estimates are analysed. For other assets, the Company uses 12 months ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used.
----	--

	ii) Financial Liabilities A Initial Recognition and measurement All financial liabilities are recognised initially at fair value and, in the case of loans, net of directly attributable transaction costs. B Subsequent measurement a) Financial liabilities at FVTPL Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as FVTPL. Financial liabilities are classified as held for trading if they are incurred for the purpose of repurchasing in the near term. Gains or losses on liabilities held for trading are recognised in the Statement of Profit and Loss. Financial guarantee contracts issued by the Company are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. Financial guarantee contracts are recognised initially as a liability at fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequently, the liability is measured at the higher of the amount of loss allowance determined as per impairment requirements of Ind AS 109 and the amount recognised less cumulative amortisation. Amortisation is recognised as finance income in the Statement of Profit and Loss. For trade and other payables maturing within one year from the balance sheet date, the carrying amounts approximate fair value due to the short term maturity of these instruments. b) Financial liabilities at amortised cost After initial recognition, interest-bearing loans are subsequently measured at amortised cost using the effective interest rate method. Where the terms of a financial liability is re-negotiated and the Company issues equity instruments to a creditor to extinguish all or part of the liability (debt for equity swap), a gain or loss is recognised in the Statement of Profit and Loss; measured as a difference between the carrying amount of the financial liability and the fair value of equity instrument issued. c) Offsetting financial instruments Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously. n) Significant management judgments in applying accounting policies and estimation uncertainty The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Difference between actual results and estimates are recognized in the period in which the results are known/ materialized. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing on the reporting date. o) Impairment of non-financial assets Assessment is done at each Balance Sheet date to evaluate whether there is any indication that a non-financial asset may be impaired. If any indication exists, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Units (CGU's) fair value less costs of disposal and its value in use. It is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or a groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if no such transactions can be identified, an appropriate valuation model is used. p) Recoverability of trade receivable Judgments are required in assessing the recoverability of overdue trade receivables and determining whether a provision against those receivables is required. Factors considered include the credit rating of the counterparty, the amount and timing of anticipated future payments and any possible actions that can be taken to mitigate the risk of non-payment. q) Provisions and Contingent Liabilities Provisions are recognised when the Company has a present legal or constructive obligation as a result of past events, it is probable that an outflow of resources will be required to settle the obligation and the amount can be reliably estimated. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, when appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost. Contingent Liabilities are disclosed in respect of possible obligations that arise from past events but their existence will be confirmed by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or where any present obligation cannot be measured in terms of future outflow of resources or where a reliable estimate of the obligation cannot be made.
--	--

r)	Impairment of financial assets The impairment provisions for financial assets are based on assumptions about risk of default and expected cash loss rates. The Company uses judgement in making these assumptions and selecting the inputs to the impairment calculation, based on Company's past history, existing market conditions as well as forward looking estimates at the end of each reporting period.
s)	Fair value measurement Management uses valuation techniques to determine the fair value of financial instruments (where active market quotes are not available) and non-financial assets. This involves developing estimates and assumptions consistent with how market participants would price the instrument. Management bases its assumptions on observable data as far as possible but this is not always available. In that case management uses the best information available. Estimated fair values may vary from the actual prices that would be achieved in an arm's length transaction at the reporting date. The Company measures financial assets and financial liability at fair value at each balance sheet date. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either: - In the principal market for the asset or liability, or - In the absence of a principal market, in the most advantageous market for the asset or liability The principal or the most advantageous market must be accessible by the Company. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest. A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs. All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole: - Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities that the entity can access at the measurement date. - Level 2 — Other than quoted prices included within Level 1, valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable. - Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable. For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.
t)	Cash Flow Statement Cash flow are reported using the indirect method, whereby profit for period is adjusted for effect of transactions of a non-cash nature, any deferral or accruals of past or future operating cash receipts or payments and item of income and expenses associated with investing or financing cash flows. The cashflow from operating, investing and financing activities of the company are segregated.
u)	Significant management judgments in applying accounting policies and estimation uncertainty The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Difference between actual results and estimates are recognized in the period in which the results are known/ materialized. The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing on the reporting date.
v)	Impairment of non-financial assets Assessment is done at each Balance Sheet date to evaluate whether there is any indication that a non-financial asset may be impaired. For the purpose of assessing impairment, the smallest identifiable group of assets that generates cash inflows from continuing use that are largely independent of the 'Cash inflows from other assets or groups of assets, is considered as a cash generating unit. If any such indication exists, an estimate of the recoverable amount of the asset/cash generating unit is made. Assets whose carrying value exceeds their recoverable amount are written down to their recoverable amount. Recoverable amount is higher of an asset's or cash generating unit's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset and from its disposal at the end of its useful life. A previously recognised impairment loss is increased or reversed depending on changes in circumstances. However, the carrying value after reversal is not increased beyond the carrying value that would have prevailed by charging usual depreciation if there was no impairment.

23 Capital Risk Management

- a) The Company manages its capital to ensure that it will be able to continue as going concern while maximising the return to stakeholders through the optimisation of the debt and equity balance. The capital structure of the Company consists of net debt (borrowings as detailed in notes 12 offset by cash and bank balances) and total equity of the Company.

The Company determines the amount of capital required on the basis of annual as well as long term operating plans and other strategic investment plans. The funding requirements are met through long-term and short-term borrowings. The Company monitors the capital structure on the basis of total debt to equity ratio and maturity profile of the overall debt portfolio of the Company.

(Amount in Thousands)

The capital components of the Company are as given below:	March 31, 2022	March 31, 2021
Total Equity	(169)	-
Short Term Borrowings	418	-
Total Debt	418	-
Cash & Cash equivalents	-	-
Net Debt	418	-
Debt Equity ratio	(2.47)	-

24 Liquidity Risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due and to close out market positions. Due to the dynamic nature of the underlying businesses, Company treasury maintains flexibility in funding by maintaining availability under committed credit lines. Management monitors rolling forecasts of the Company's liquidity position (comprising the undrawn borrowing facilities below) and cash and cash equivalents on the basis of expected cash flows.

(Amount in Thousands)

Maturities of Financial Liabilities	March 31, 2021		
	Upto 1 year	1 to 5 years	5 years & above
Borrowings	418	-	-
Trade Payables	-	-	-
Other Financial Liabilities	-	-	-
	418	-	-

(Amount in Rs.)

	Upto 1 year	1 to 5 years	5 years & above
Borrowings	-	-	-
Trade Payables	-	-	-
Other Financial Liabilities	-	-	-
	-	-	-

25 Interest Rate Risk & Sensitivity Analysis

Interest rate risk is the risk that the fair value of future cash flows of the financial instruments will fluctuate because of changes in market interest rates. In order to optimize the Group's position with regards to interest income and interest expenses and to manage the interest rate risk, treasury performs a comprehensive corporate interest rate risk management by balancing the proportion of fixed rate and floating rate financial instruments in its total portfolio.

The sensitivity analyses below have been determined based on the exposure to interest rates for assets and liabilities at the end of the reporting period. For floating rate assets and liabilities, the analysis is prepared assuming the amount of the liability outstanding at the end of the reporting period was outstanding for the whole year and the rates are reset as per the applicable reset dates. The basis risk between various benchmarks used to reset the floating rate assets and liabilities has been considered to be insignificant.

If interest rates had been 100 basis points higher/lower and all other variables were held constant, the Company's Profit for the year would decrease/increase by amount as stated below. This is mainly attributable to the Company's exposure to borrowings at floating interest rates.

(Amount in Thousands)				
Particulars	Financial Liabilities (In '000)	Change in Interest rate	Impact on Profit or Loss before tax for the year (In Lakhs) Increase by 1%	Impact on Profit or Loss before tax for the year (In '000) decrease by 1%
As at 31 March 2022	418.35	1%	4	(4)
As at 31 March 2021	-	1%	-	-

*This is mainly attributable to the Company's exposure to borrowings at floating interest rates.

b) **Fair Value Hierarchy and Method of Valuation**

Except as detailed in the following table, the Company considers that the carrying amounts of financial instruments recognised in the financial statements approximate their fair values.

Level 1 : Quoted prices (unadjusted) in active markets for identical assets and liabilities.

Level 2 : Input other than quoted prices included within level 1 that are observable for the assets or liability, either directly (i.e.as prices) or indirectly (i.e.derived from prices)

Level 3: Inputs for the assets or liabilities that are not based on observable market data(unobservable inputs)

The following table presents fair value of assets and liabilities measured at fair value on recurring basis as of March 31, 2022

	(Amount in Thousands)				
	Carrying Value	Level 1	Level 2	Level 3	Total
Financial Assets					
Carried at Amortised Cost	185.92	-	-	185.92	185.92
Financial Liabilities					
Carried at Amortised Cost	418.35	-	-	418.35	418.35

The following table presents fair value of assets and liabilities measured at fair value on recurring basis as of march 31, 2021
